## Advancing Students Beyond the Classroom...

Advanced Learners is a private tutor placement service that provides tutoring for students needing academic help.

In addition to our large selection of tutors for all subjects at any level, we also have specialized tutors to assist older students and adults with high level math & science, test prep and college entrance exams.

Our office works quickly to connect you with a highly qualified, experienced tutor who meets your specific needs, so that tutoring sessions can begin immediately.

Our expert tutors are available to assist you 7 days a week, year-round, for morning, afternoon, or evening sessions...and best of all, they come to you.

### Success Stories

Annie received a 108 out of 100 (extra credit) on her Valentine's Day geometry and word problems test. What a great V-Day gift! Prior to tutoring, she was averaging D's in math.  
Cle' (tutor) Orlando, FL

We just found out today that Danny has straight A's in all seven of his courses. Christian was a huge part of him doing well in grammar and literature. (Proud Parent) Davie, FL
